## COMMUNITY SUPPORTED AGRICULTURE

In a CSA, you become a member of a local farm by purchasing a "share". In return, you receive weekly deliveries of fresh produce throughout the growing season, typically mid June to November. Along with the produce, some farms also offer meat, eggs, and other extras along with weekly newsletters, recipes, U-picks and farm festivals.

Choosing a CSA is about connecting to a farm and your food. You are encouraged to talk with the farmers to determine which farm is the best fit for you.

**Common Questions to ask CSA Farmers:**

- » Where (and when) are your pick-up sites?
- » What is the length of your season/number of deliveries?
- » Describe the size, contents and cost of your share(s).
- » What's offered besides vegetables? Can I make any choices about what's in the box? Order extras?
- » Do you offer work shares? payment plans? Have an assistance fund? Do you take the Quest card? electronic payment?
- » What are your growing and production practices? For example, certified organic? sustainably grown?
- » Can I visit your farm? Do you have open houses? U-pick days? Do you have a newsletter?

**Why Join a CSA and buy directly from these local farmers?**

- » Enjoy fresh, tasty and healthy food
- » Ensure fair compensation for family farmers
- » Build a stronger local economy
- » Encourage sustainable growing practices
- » Get to know the people who grow your food and the land where it's grown.

**Know Your Farmer, Know Your Food**
