“We’re so happy we rented with the Urban Ecology Center to support a great cause and to educate others. Everything was amazing, and we heard nothing but positive feedback!”

– excerpt from satisfaction survey

Welcome! Thank you for your interest in the Urban Ecology Center’s Facility Rental Program!

Are you...

- An environmentally conscious couple looking for an eco-friendly facility for your green wedding?
- A local business, corporation, or fellow non-profit organization seeking a space for your next meeting or seminar?
- An individual interested in hosting a private party for friends and family?

Whatever your event entails, the Urban Ecology Center is uniquely equipped to provide the perfect backdrop for your day.

What sets up apart, you might ask?

Choose us and you choose to support our mission too!

One hundred percent of rental-generated revenue goes toward supporting our mission to provide innovative, enriching environmental education to urban youth, adults and families. In a time when voting with your dollar is important, this is an investment you can feel good about.

We operate with the environment and community in mind

Our spaces proudly integrate green building techniques such as photovoltaic cells, green roofing and rainwater collection systems, geothermal heating and consistent use of recycled building materials. These features are not only functional and help us keep costs low (so we can pass those savings on to you), they are also great conversation pieces and teaching tools.

These features are also an important component of the Urban Ecology Center’s function as a neighborhood community center. We are open to the public and encourage exploration of our space and the surrounding parks in which we operate. In choosing to rent the Urban Ecology Center, your guests are not confined to one space – we encourage them to wander around and discover what the Urban Ecology Center is all about!

No hidden fees!

As an organization that strives to build community and promote environmental justice, we strive for transparency. What does this mean for you? No unexpected costs or rate hikes! That’s right – we offer the use of our place settings, utensils, commercial-grade kitchen, AV equipment, parking lot and furniture at no additional cost. Our rental rates are straightforward and easy to understand.
“Our wedding was beautiful!”

“We loved all the windows, so it doesn’t feel like we’re indoors all day.”

“Memorable.”

– excerpts from satisfaction surveys

SEATING PLANS – SECOND FLOOR RENTALS
SECOND FLOOR: Up to 104 People Dining, 150 Theater Seating

Our second floor is bright and spacious while still providing an intimate, loft-like feel. Take full advantage of our wrap-around deck and observation tower with views of Riverside Park and the Milwaukee skyline. The second floor is available individually or as part of the Whole Building rental.

- Rental consists of the entire second floor exhibit hall with surrounding exterior decks, 60-foot outdoor observation tower, and use of the Camouflage and Citizen Science Room
- High vaulted ceilings and gorgeous wood paneling throughout
- Use of our beautiful hand crafted La Lune furniture
- Movable bar and solarium counter space available to serve food and drinks
- Music and microphone available using our building-wide sound system
- Suitable for meetings, socials, adult birthday parties, fundraisers, family gatherings, receptions and more!

“It was all amazing.”
“Use of sustainable practices impressive.”
