

# B'EARTHDAY PARTIES!

at the Urban Ecology Center – Washington Park

## What better way to celebrate your child's birthday than with a B'Earthday Party at the Urban Ecology Center?

We'd love to create a memorable party for your children to celebrate their special day! We have tons of fun themes available and are always open to mixing, matching, and collaborating to create a wonderful, one-of-a-kind party. Flip for details!

### YOUR B'EARTHDAY PARTY WILL INCLUDE:

- An hour-and-a-half program with the theme of your choice (see back of flyer)
- A two-hour party space reservation
- Dishes, silverware and napkins - we even do the set-up and clean-up!

*Food and drink are not provided, but you are invited to bring your own.*

### PRICING

**(For 10 Children):**

\$175 members

\$200 non-members

*(price includes 10 kids, add \$5 for each additional child up to 20)*

Participant limit is 20 children per party.

Ages 5+ unless otherwise noted.

*So much life*

# B'EARTHDAY PARTY THEMES

Choose One or Create Your Own!

## Air Adventure

*(April through September)*

Be amazed by air pressure experiments and create a craft that flies. Then we will go outside to conduct some experiments, play games and search for things that fly!

## Animal Antics

Learn about native Wisconsin animals by getting an up-close look at the Center's reptiles and amphibians. Then, go outside for a hike with an animal-themed scavenger hunt. If your party is scheduled on a Saturday, this could include the option of feeding the animals.

## Brilliant Birds

We will go on a bird-watching adventure in Washington Park, make a flying craft, practice bird calls, and hear stories about our feathered friends.

## Winter Wonderland

*(Weather dependent)*

Play in the snow at Washington Park! This could include following animal tracks, building a snow-person, and throwing snowballs.

## Finding Your Way: Scavenger Hunt

Everyone loves a scavenger hunt! Kids will play games, and explore Washington Park on a scavenger hunt.

## Ice Skating

*(Dependent on ice conditions)*

Learn the basics of ice skating and head out onto the ice for games and fun! Rentals included.

## Fishing

*(April through October)*

Learn how to catch "the big one!" Observe and help feed the fish in our Native Wisconsin Animal Room, then venture outside for guided fishing! We provide the poles and the bait.

## Incredible Insects

*(June through August)*

Learn about the insects of Washington Park through indoor games, crafts, and an insect hunt outside!

## Fun with Physics

Play games and make models to learn about Newton's Laws of Physics! This program can occur outdoors or inside, depending on the weather.

## Majestic Macroinvertebrates

*(April through September)*

Learn about water-life in the Menomonee Valley by searching for bugs and worms that live in the water!

## Eco-Art

Arts and crafts for all ages! This program includes a variety of activities, including leaf impressions, snowflake crafts, painting with stones, and much more.

## Canoeing

*(May 1 through October 15)*

Let's canoe! We'll learn how to paddle and then take our canoes out to cruise around the Washington Park lagoon.

## Create Your Own!

Tell us your ideas and we are happy to create a new theme for your child based on their interests. We are also willing to mix-and-match activities from our existing themes! Feel free to ask us if you have any questions.
