Help your child foster a deep connection to nature through hands-on adventures and healthy outdoor fun at an Urban Ecology Center Summer Camp!

**Welcome to Urban Ecology Center Summer Camp!**

*Underlined links are clickable and will take you to the registration form*

Campers look under logs, hike in the woods, climb trees, and build forts. They'll also create art, take pictures, learn to fish, and build science and engineering skills to be better prepared for the school year.

**Locations**

We have camps at all three branches. Check camp session names to determine its location.

RP = Riverside Park, 1500 E. Park Pl.
WP = Washington Park, 1859 N. 40th St.
MV = Menomonee Valley, 3700 W. Pierce St.

**Pick Up & Drop off**

8 - 9:15 am:
Before Care — Activities available for an additional fee

9:15 am:
Camp Drop Off — all campers can be dropped off as early as 9:15 am.

9:30 am – 3:30 pm:
Camp Day

3:45 pm:

3:45 - 5 pm:
After Care — Activities available for an additional fee. Kid(s) must be picked up no later than 5 pm. Late fees will apply for each child per 15 minutes or portion thereof.

**How to Register**

Online

Visit [urbanecologycenter.org/summcamp](http://urbanecologycenter.org/summcamp) to sign your kids up for camp! Spaces are limited:

- Online registrations receive priority enrollment.
- You will need an email address and your child’s current health information to complete registration.
- If a camp session is full, you can add your child to the waiting list or choose a different session.
- Any reference to your child’s grade is referring to the grade completed by June 2022.
- Create an account or sign in during the registration process. Find the sign in link in the above right corner of the registration page. This user account allows you to save registration receipts, check out faster and access your membership pricing!

By mail

To register by mail, please complete the hard copy registration form found in this booklet and return it to: Urban Ecology Center, 1500 E. Park Place, Milwaukee, WI 53211.

**Important Registration Information**

Camp spots are reserved on a first-come, first-served basis after the registration form (online or hard copy) is completed and payment or scholarship information is received. Urban Ecology Center members receive a discount on Summer Camp fees! Join or renew your membership as you register for summer camp.

**Where’s the member discount?**

UEC Members receive 20% off camp fees automatically when they create an account or sign in during the registration process. You can also join or renew your membership as you register for summer camp.

If you are using a paper form or you have any questions, please contact Tory Bahe at (414) 626-7300

1. When reviewing camp offerings, please sign in to the registration system using the “Sign in” button at the top of the program description or registration screen before adding any items to your cart. If you have not registered for a program in our system yet, please “Create an Account” and use the same email address at which you receive any messages from the Urban Ecology Center (if applicable). If you are a member, your 20% discount will automatically apply to orders when you’re signed in.

2. When completing registration information, the system will retain information you have already entered during that session. So, if you’d like to register for multiple camp sessions and/or for multiple children, we recommend doing so in the same order session. Then, you’ll have an option that appears to auto-fill the lengthy registration form, which can be edited as needed.

3. If you are using the Gift of Summer Camp code, a single week camp session will be discounted by up to $340 in your order. This code cannot be applied online to multi-week camps. Please contact our registration team if you have questions about applying discount or coupon codes.

4. Scholarship recipients can expect to see their scholarship discount; however, there is not an additional 20% off, regardless of membership status.

5. Carts will time out after 24 hours and empty of all items added.
**Health and Safety Practices**

*Please see Our COVID-19 Safety Measures at urbancologycenter.org/about/covid-19-safety-measures. html for updated information.*

The top priority at the Urban Ecology Center is the health and safety of our communities and staff. As the globe continues through the COVID-19 pandemic and we look forward to summer camps, we anticipate COVID-19 practices continuing to mitigate the risk of disease spread in our daily camp protocols. Urban Ecology Center continues monitoring local and public health guidelines and anticipate there may be some changes aligned within our protocols as camp dates near.

**Hand Washing and Sanitizing:**
Hand sanitizer and hand washing will be available to campers throughout the day, including before and after eating.

**Outdoor Program Focus:**
Program activities will be held outdoors as often as possible (weather permitting). Please dress your child for outdoor exploration and fitting for the weather.

**Spaces:**
Camps are planned strategically with assigned indoor spaces and traffic flows to avoid close contact of different groups. Cleaning regimes include regular sanitization and disinfection of common use surfaces and spaces to mitigate potential surface spread.

**Masks:**
All campers and staff are required to wear masks indoors and outdoors when 6 feet of physical distance cannot be maintained. Masks are required for children ages 3 and over, unless health conditions prohibit mask-wearing.

**Daily Health Assessments:**
Health self-assessments will be completed for every camper who reports for camp. We ask that families and campers remain home if feeling ill, have symptoms aligned with COVID-19, or have been in contact with someone with COVID-19 within 14 days prior to attending.

Built on the understanding that children learn best when they are engaged in meaningful, hands-on experiences, we create a summer camp environment that matches the interests and abilities of children from grades 1-2. We believe in the power of play and the importance of exploration in a supportive and fun environment. Our campers get to play with our naturalists and each other, participate in a variety of educational experiences, and have fun in the process.
